

Diskmath Week 12

Emil Straschil

A dark blue diagonal gradient bar that starts from the bottom left and extends towards the top right, covering the lower half of the slide.

Hello

I am Emil.

I have a **website**:

emils.site (yes thats the URL)

repo: <https://github.com/emil3tr/emil3tr.github.io>

All materials will be uploaded there.

Any Feedback / Questions /
Wishes / ... ?

→ estraschil@student.ethz.ch

→ “Emil” (floxi4) on dinfk-discord

→ Diskmath-questions: ask here
so others can benefit (:

Only 2 Weeks left!

Basics

Abstraction
Formulas
Statements
Prop. Logic
Pred. Logic
Proof Patterns

Sets and Relations

Sets
Set Operations
Relations
Equivalence
Partial Order
Functions
Countability

Number Theory

Division
Primes
Modular Arith.
Diffie-Hellman

Algebra

Monoids
Groups
Euler Totient
RSA
Rings
Polynomials
Finite Fields
Err. Corr. Codes

Logic

Proof Systems
Logic
Calculi
Res. Calculus
Prop. Logic
Pred. Logic

Questions?

Resolution Calculus?

Plan for Today

1. Propositional Logic
2. Predicate Logic
3. How to prove logical consequence / equivalency
4. Kahoot
5. Practice
6. (Proof Systems again)

Bonus Exam Prep. Session + Mega Kahoot

Monday Nov. 15th 12:10 - 14:00

Room: CAB G61

(Plz be there at 12:05 so we can start on time.)

Everyone is invited! (No matter which exercise class they attend.)

Bonus Exam Prep. Session + Mega Kahoot

People:

- Shivi
- Hannah
- Leo 1
- Leo 2
- Me (:

(from discmath.ch)

Bonus Exam Prep. Session + Mega Kahoot

Plan:

First Half:

- Presentations
- Answering your questions

Second Half (from 13:00):

- Mega Kahoot (possibly prizes?)

Bonus Exam Prep. Session + Mega Kahoot

What we will cover:

Study phase, how to structure it,
tips for studying, ...

How does an exam look like, what
is expected from you at the exam,
exam strategy, ...

How to pass discmath

more...

Bonus Exam Prep. Session + Mega Kahoot

!!!! Send us questions !!!!

So we know what to cover. We will pick out some and answer them and give our tips.

Use the opportunity!

Link (also on emails.site):

<https://docs.google.com/forms/d/e/1FAIpQLSfawOxAMRBGDdF9bcnZa9sXD3h7KCWS6yHB1cbdVCfOCAAUoA/viewform?usp=header>

Bonus Exam Prep. Session + Mega Kahoot

Our session here will still take place!

We will practice resolution calculus and a predicate logic proof

→ **very** important for the exam

I will try to finish the content in ~1h, then we can discuss exam

Last Serie

Theory Recap

Kahoot
